THE SUGAR NEWS

VOL. 8—NO. 19.

CANAL POINT, PALM BEACH COUNTY, FLORIDA FRIDAY JULY 17, 1921

THE NEWSPAPER OF LARGEST CIRCULATION IN THE UPPER GLADES AND LAKE OKEECHOBEE REGION

\$2.50 A YEAR

The Glades And Its Affairs

Men of high standing have approved the plan for reorganization of the Southern Sugar Company. Unquestionably they did so to protect their interests, but what about the interests of the reorganization? By their approval of the reorganization plan these men take on a heavy responsibility. The organization plan now will not be enough to carry the enterprise through, real money must be had and if they do not put it up the money must be had from others. Their approval of the reorganization plan now has compromised them for the future. Men who lend their prestige to this reorganization to protect their claims need expect no sympathy if they are held responsible for losses sustained by persons who may be induced by irresponsible loan salesmen to put a heavy money into the enterprise on the representation that General Motors, the Central Farmers Trust Company, and the Florida East Railway Co. are backing the new sugar company.

Only half of the gasoline sold in the upper Glades is used in vegetable oil use. The gasoline on the other half being used in tractors and in boats and in trucks that are in the state of Florida. The use of gasoline for any purpose except for construction and maintenance work is a bad thing. There is no justification whatever for it when the same high tax is put on a fuel 6-cent oil. The use of gasoline in tractors is an outrage, and to increase the rate to 8 cents is an arbitrary exercise of power that breeds disrespect for law and will bring into disrepute the men who vote for it.

Truck running is a quick-action game—less than 90 days being required before the growing season and harvesting a bear of profit. It is a game of chance, but the farmer's possession of enough home grown seed to plant a large acreage is a great advantage. It makes the growers independent of the federal government, the banks and the commission. The use of financing, if the user of home grown seed makes a crop the crop will be his. The use of home grown seed to make a crop will be his. The use of home grown seed to make a crop will be his.

FIRES IN TRUCK ARE OUT UNDER CONTROL

The charges of mismanagement in the Glades district, which is in default on principal and interest of its bonds, what on earth is the matter with Senator Wagg and Representative Lewis and Bliss that they do not demand a share of the real estate in the drainage district? Are the lands of the north part of the state going to be the benefit of the rest of the state?

GLADES WEATHER

Date	Max	Min	Wind	Rain	Evapo-

BETTER GET PRICE ON PUMPING PLANT

Truckers are strongly urged to look to the prices and used to pump the water out of the Glades. The time to get the price is now when they have the time to get the price. The time to get the price is now when they have the time to get the price.

ENGINEER ASKS CONTRACTORS TO REEVALUATE

Over \$100,000 had been advanced by the Southern Sugar Company to its stockholders when the sugar company failed last year, according to a section of the report given by the receivers of the circuit court of Hendry county in which is located the company's offices and in which the receivers were appointed.

The receivers confess in their report that the whole amount is uncollectable from the stockholders and is a complete loss.

Robert Urban got \$65,832.72. This was the largest advance to any of the 33 stockholders. Urban was reported to be one of the most active high pressure salesmen in the stock selling business.

He operated in Jacksonville and the Durant Motor Company and was employed by E. G. Dahlberg during the boom to sell Cleveland.

Urban's connection with the town lot promotion ceased about 1920 and \$50,000 which Eugene S. G. Dahlberg, who is now the manager of the Advertising Club of America prosecuted a campaign against questionable promotions.

No representative or Bitting, reorganization manager, of New York firm, was present, nor of the proposed United States Sugar Corporation.

Information about the condition of the insolvent Southern Sugar Company is contained in reports made by the receivers to the clerk of the circuit court of Hendry county. One of the schedules filed is a statement of the company's assets and liabilities.

The Southern Sugar Company issued on January 1, 1920, \$200,000 of bonds, of which \$100,000 was sold and \$100,000 was held by the company.

In November 1921 the Sugar Company made an assumption of bonds, which it pledged as collateral for loans.

According to the receivers' report: \$50,000 to the Farmers' Bank; \$143,400 as collateral for loans; \$100,000 as collateral for loans; \$100,000 as collateral for loans.

The Southern Sugar Company seems to hold more bonds than its receivers listed, for under the head of "accrued interest receivable," it is set out that the sugar company holds 410 coupons of Cleveland Farmers' Company, \$12,200 and has a claim for \$29,200 for interest on past due coupons.

The outstanding bonds total a claim for \$72,865.67 of interest on past due bonds of the Cleveland Farmers' Company, a total of \$87,248.57. Other claims make the total of \$102,204.34.

That a good deal of the alleged assets of the sugar company are worth less than the face value is indicated by the listing of the bonds and the claim for \$72,865.67 of interest on past due bonds of the Cleveland Farmers' Company.

Advances totaling \$55,832.72 had been made to the stockholders through the use of the company's bonds, which were sold by the company.

The sugar company has \$55,832.72 due from the South Coast Company, a Dahlberg group, in Louisiana, that is reported insolvent.

LOST \$100,000 IN DRAWING ACCOUNTS

Over \$100,000 had been advanced by the Southern Sugar Company to its stockholders when the sugar company failed last year, according to a section of the report given by the receivers of the circuit court of Hendry county in which is located the company's offices and in which the receivers were appointed.

The sugar company has \$55,832.72 due from the South Coast Company, a Dahlberg group, in Louisiana, that is reported insolvent.

COURT SHOWS SUGAR CO. IN DEBT

Receivers of the Southern Sugar Company appointed by Judge George W. Whitehurst of the Hendry county circuit court were not in court at Port Myers Wednesday when the sugar company failed last year, according to a section of the report given by the receivers of the circuit court of Hendry county in which is located the company's offices and in which the receivers were appointed.

The receivers confess in their report that the whole amount is uncollectable from the stockholders and is a complete loss.

Robert Urban got \$65,832.72. This was the largest advance to any of the 33 stockholders. Urban was reported to be one of the most active high pressure salesmen in the stock selling business.

He operated in Jacksonville and the Durant Motor Company and was employed by E. G. Dahlberg during the boom to sell Cleveland.

Urban's connection with the town lot promotion ceased about 1920 and \$50,000 which Eugene S. G. Dahlberg, who is now the manager of the Advertising Club of America prosecuted a campaign against questionable promotions.

No representative or Bitting, reorganization manager, of New York firm, was present, nor of the proposed United States Sugar Corporation.

That a good deal of the alleged assets of the sugar company are worth less than the face value is indicated by the listing of the bonds and the claim for \$72,865.67 of interest on past due bonds of the Cleveland Farmers' Company.

Advances totaling \$55,832.72 had been made to the stockholders through the use of the company's bonds, which were sold by the company.

The sugar company has \$55,832.72 due from the South Coast Company, a Dahlberg group, in Louisiana, that is reported insolvent.

MORE DEBTS THAN THEY TOLD JUDGE

P. G. Bishop of Clewiston, a receiver for the Southern Sugar Company under appointment by Judge Whitehurst of Port Myers, seems to have made his appearance in that court yesterday, after his failure to appear Wednesday when on the 15th a final report of the receivership was to have been made showing payment of all bills of the receivership.

An Associated Press dispatch from Port Myers said Bishop expected the exceeding of the budget set by the court was due to a "faulty estimate" by the accountants of the bills payable. The budget allowed \$25,000 for bills, whereas there were made \$40,000 outstanding.

The court ordered an independent audit of transactions in the past 30 days. Judge Whitehurst expected that the audit would show that the bills were not paid, in view of his former insistence that all bills be paid by the receivers.

The report does not say anything about a citation for contempt or removal of the receivers or discharge of the citation.

The report shows expenditures or obligations incurred amounting from \$16,000 to \$21,000 over the budget.

No representative or Bitting, reorganization manager, of New York firm, was present, nor of the proposed United States Sugar Corporation.

Advances totaling \$55,832.72 had been made to the stockholders through the use of the company's bonds, which were sold by the company.

The sugar company has \$55,832.72 due from the South Coast Company, a Dahlberg group, in Louisiana, that is reported insolvent.

NEW METHOD FOR DRAINAGE

Arranging to put into effect the new law that is intended to have Everglades drainage district taxes levied only on the basis of benefit and to prevent one area's money from being spent in another area, commissioners of the district met in their office at West Palm Beach Tuesday. They fixed the boundaries of maintenance areas and laid out a budget of taxes to work for the areas.

The new method gives promise of improvement in drainage facilities, and as other forms of taxes in the district have been reduced, the provision of revenue for improvement will not make the total tax any more than before.

Before the largest maintenance area taxation plan can go into effect, a public hearing must be held and the hearing will be held at the board's office in West Palm Beach August 4. The legal notice of the meeting is printed below.

Being advised by their attorney that they had no authority to use district funds for fire fighting, the board members declined to meet the club for the past year.

C. E. Skinner of Okeechobee and T. W. Weeks of Glades county, who are the only members of the club who have been elected to the club for the past year, were not present.

The work proposed to be done in maintenance areas in Palm Beach county and the tax estimated as necessary to produce the required revenue is shown in the table below.

NOTICE OF HEARING ON PROPOSITION TO MAINTAIN DRAINAGE DISTRICT

A public hearing will be held at the board's office in West Palm Beach August 4, 1921, at 10 o'clock A. M. on the following proposed maintenance areas and the tax estimated as necessary to produce the required revenue.

By order of the Board of Commissioners of Everglades Drainage District.

W. F. Jernigan Jr., secretary of the board.

W. F. Jernigan Jr., secretary of the board.

ELVIN WAS AGAINST TAX ON CIGARETTES

Elvin A. Bass of Pahokee, a representative in the legislature from Palm Beach county, voted against the bill to put a tax of 5 cents on each 10-cent package of cigarettes.

First reports in daily papers gave the impression that he voted for the tax, and there was a good deal of indignation about it. All forms of sales taxes are strongly opposed in the western part of the county and the cigarette tax is a sales tax.

How Elvin is going to vote on the gasoline tax is a matter of interest in his section of the county, for although the opposition to a cigarette tax is strong, "that ain't nothin'" to how the tractor owners feel about a still higher tax on gasoline.

The new harbor shop on the Federal highway has been constructed and the barber, Chester Shaw, is moving in today. He is installing new equipment and plans to open in a few days. This will be the largest of the kind in this end of the lake, it is said.

LOCAL PEOPLE MAY BUILD WATER PLANT

Organization of a company of Pahokee residents to install a water plant at Pahokee is predicted, and Herman Gold, C. M. Todd, George Mend and I. J. Moley want to Jacksonville to make the deal with the city of Jacksonville to build a water plant. The idea is that a local company will furnish the money to start the plant and the plant will be taken over by the city when the town's finances permit. The council has no objection to the project but has not been asked to take formal action.

PAHOKEE LOCAL NEWS

In a local ball game Monday night, the Florida team at Tallahassee passed a house bill permitting the town of Pahokee to own a cemetery. Another bill relating to Pahokee, also passed, amending the town charter with the same provision as to cemetery and also prohibiting the flooding of streets crossing and requires watermen at crossings. It is not understood that the bills have passed the senate.

FREE DANCE AT NEW BOE GARAGE

A free dance will be given next Wednesday night, the 22d, at Old Joe's new garage building on Canal Point road in Pahokee. The dance will be given by the new garage building on Canal Point road in Pahokee. The dance will be given by the new garage building on Canal Point road in Pahokee.

WIDENING SHOWERS

Handball along the canal last year was almost over. On Wednesday there were showers all around Lake Okechobee. No drought conditions exist in the Lake Okechobee region, as proved by the constant flow of water in borrow ditches on roadsides.

BARGAINS OFFERED IN "WANT COLUMN"

There are always bargains for the man who has been thrifty enough to put aside some cash. The "Want Column" of The Everglades News shows two bargains in real estate.

PAHOKEE LOCAL NEWS

In a local ball game Monday night, the Florida team at Tallahassee passed a house bill permitting the town of Pahokee to own a cemetery. Another bill relating to Pahokee, also passed, amending the town charter with the same provision as to cemetery and also prohibiting the flooding of streets crossing and requires watermen at crossings. It is not understood that the bills have passed the senate.

PAHOKEE

B. Elliott made a trip up the state this week to represent a car that a riggo had run away with. It is an evidence of the satisfactory condition of business in the upper Glades that Mr. Elliott had only two claimants in car payments, and that one of them, Mr. and Mrs. R. J. Miller and family, have returned from a few weeks' vacation in Georgia.

Mr. and Mrs. P. E. Foster are enjoying a few weeks vacation on the west coast. They spent a few days visiting relatives at Sebring as they motored up.

Mr. and Mrs. Dean Lewis and family have moved to a cottage on the lot on Bacon Point road recently bought by Mr. Lewis from Dr. D. S. Spooner.

Blaise Rice has returned from a trip to California and other points out west.

Rev. and Mrs. J. P. Rodgers have returned from Deland, where they attended the Young People's assembly. Rev. and Mrs. H. D. Fink, who had charge of the services of the Baptist church during the week, returned to their home in Fort Pierce, Fla., last night.

Mr. and Mrs. W. M. Rogers, who attended the Young People's assembly, returned to their home in Fort Pierce, Fla., last night.

Mr. and Mrs. W. M. Rogers, who attended the Young People's assembly, returned to their home in Fort Pierce, Fla., last night.

EAST BEACH WINS LEAD WITH ASPS

Games yesterday:

Belle Glade 5, Sutcliffe 1.
Fort Pierce 4, Parker 3.
Matheson 4, Parker 3.
Matheson at Delray Beach, Fla.
East Beach 7, Asps 3.

East Beach team in the County League was advanced to a percentage of .667 and to second place in its standings by winning yesterday at West Palm Beach, Belle Glade, succeeding Brown Farms and Asps are tied for first place.

After a long layoff because of rain, Lee Mansfield returned to his team and displays some of the form that made him one of the most feared pitchers in the circuit last year. He struck out eight batters and failed to walk a batter until the seventh when he began to tire. With the return to form, Mansfield, Pop Walker will receive respect from his opponents.

Spooner, VanLandingham, and Murray, who returned to the game after a short absence, all had a hit but the return to form of Mansfield, Pop Walker will receive respect from his opponents.

Prayer meeting Wednesday evening at 8 o'clock. We are studying the Book of Acts beginning with the 13th verse next Wednesday.

Mr. and Mrs. W. F. Duchanow have returned from a two months vacation in Georgia where they divided their time between Shalimar and Atlanta. Drought conditions are reported in that section by Mr. Duchanow.

PAHOKEE M. E. CHURCH

Joe A. Tolle, pastor.

This church does not seek to bring Christ down to man's level, Sunday school 10 o'clock. Our attendance is on the increase, come and help it increase more. Men who are not attending our Men's Bible Class, the oldest in the upper Everglades, are missing one of the greatest treats you have had in an afternoon.

Our organization is trying to get out of the Otagee soap wrappers they can for if they are having a complete home laundry with you. If you have any or can get any bring them to church with you Sunday or if you can't come and them by some one or give them to Mr. Tolle.

Epworth League 7 p. m., Mrs. H. O. Parrish, leader. Topic of program "The Mind of Jesus about God our Father." We hope to have some special piano music by Rev. Harry Walker, who is an accomplished musician.

Evening worship 8 o'clock. Sermon by Rev. Harry H. Walker, state field agent for our organization. Come and help fill the house at this service.

Prayer meeting Wednesday evening at 8 o'clock. We are studying the Book of Acts beginning with the 13th verse next Wednesday.

Southeastern Natural Gas Co.
SHELLANE GAS SERVICE, 818 SOUTH DIXIE

BANK REOPENS TO LIQUIDATE ITSELF

On authority granted by State Comptroller Ernest Ames, Jr., the Bank of Canal Point opened Wednesday morning. If 10 per cent of the deposits were paid about \$2,000 deposits were being transferred to the amounts to the credit of the depositors.

H. L. McDonald of Orlando is reported to have been elected president by a board of directors of which other members are F. E. Bryant, vice president, E. E. Kelly and J. M. Higgs of Cleveland and J. M. Elliott, the cashier. The former local directors seem to have been dropped. Mr. Kelly is reported to be connected with the Cleveland Motor Company, which McDonald controls.

As the purpose of the reopening was to liquidate the bank, the excuse for reopening the bank was that it would be a liquidator and it was not represented that the bank would be in a position to do the usual banking business.

PUMPS IN DISTRICT ARE REVERSED TO GET WATER

Pumps at the pumping station of the District Island drainage district were reversed this week, and water is being pumped from Lake Okechobee into the district to raise the water table of the land, which has been about four feet below the surface, the Glades County Democrat says, continuing: "The district has two pumping stations, each with two pumps. Wood screw pumps, operated by 150 horsepower Diesel engines which, during the season, pump water from the district into the lake, and during extremely dry weather may be reversed to pump water into the district. It is unusual for the pumps to be reversed at this time of the year. Last July, the pumps were reversed full speed to keep the water level in the district raised, due to the excessive rainfall.

"L. A. Farnam is superintendent of the district, which is governed by a board of supervisors."

WYSE INTEREST IN MINING PROPERTY

John H. Wyse, formerly principal of the South Bay high school and still a land owner, is now located at Denver, Colo., where he is treasurer of the Ward Mining Company, which has its office in the Mining Exchange building. The mining properties are at Durango, about 400 miles from Denver, and Mr. Wyse writes that to get to them is a long drive to drive over a mountain at an altitude of 11,865 feet, where there is snow the year round.

Mr. Wyse sends a copy of a Durango paper in which is an article describing the operations at the Ward mine and from which it appears a concentration mill is being built to handle the ore.

MARKET FOR PAPAYAS

There is a market for papayas. E. J. Hess of the Papaya Company of Miami writes to The Everglades News that "we will buy any and all papayas for sale up there." Persons interested are advised to write to Mr. Hess in care of the company at Miami.

WHAT HAPPENED TO UNOGEN'S ABROAD

Stations at which gasoline can be put on credit are being closed by the country cards were found all the way from Canal Point to Kissimmee. The cards were found on the way from here to there, and but, they had been made south of Kissimmee. The cards were not so closed with traffic, there were some of the points on which "Uno Gen" had been reported on his return the latter part of last week from a trip, he and Grady Boynton made with Ray Shaddock.

Grady only went as far as New York with them; from there he returned with J. D. Williams and stopped at Lakeland, later going with Mrs. Boynton to Safety Harbor. "Shuck" and Grady went on to St. Petersburg, where they were to do their old home in Maine but they were back here on the 10th they did not stay there long. If anything, they would go to Washington market in New York and see how produce is handled there for some things that they cannot get here, because they do not understand. They wonder that there is a difference in the price of the same quality shipped in the same car—the wonder is that the difference isn't made. Prices aren't made by the commission house; they are made by the amount the buyers offer. It is said.

The boat was intense in New York, they report. One night, because they were now seen in New York, they started their trip to Miami, and twice as they were going back to New York, they were stopped by police cars that ran them into the sidewalk so fast that they were unable to get out of the car. They were taken to the Sullivan law office, where they were held for a while. They were told that a car can't cut out of the line and get ahead, and as a result of this, they were held for a while. They found that they could make only a few hundred miles a day in the southern states.

MOVES 5000 CATTLE TO MARTIN COUNTY

Calvin Platt, a big cattle man from Broward county, is moving his place to Martin county, he tells the Stuart Daily News. He is bringing 5,000 head of Hereford and Brahman stock. There are seven calves to the lot, and of these calves are Brahmas, and three Hereford stock. Mr. Platt will move to a new place, county bringing with him his wife, Mrs. Lada Platt, their nine children, and five grandchildren.

Mr. Platt said it will cost him \$5,000 to move. He is bringing the herd of cattle to Martin county because of crowded conditions in the post, and inconvenience of frequent dipping in his former location. He has already brought 400 head, but will not bring any more until the weather gets cooler. Conditions, such as congestion, had made it nearly impossible to keep so many cattle on his farm. He has 80 acres three miles west of Melbourne, but the number brought here with him out the herd so that operations can be carried on until about October. The remainder will be brought here.

The fence built by Mr. Platt around his tract of 400 acres cost him \$2,000. There are three strands of wire, a post every 16 feet. He has already bought 400 rods of wire and will have to buy that much more. The fence is a saw-tooth under a half foot in line in one place, and the bit in the other ear. His range in Martin county is 13 miles square, and there are 30 miles of fence. The nearest point to Stuart is a little more than eight miles west of the city. The land beyond about two miles west of the end of hard-surface road on the Martin highway, and continues along the road 13 miles to the westward. Mr. Platt will bring 30 head of cow ponies to his land here, but as yet has brought only three. He will hire all the help here. There is plenty of water in the west end of the tract, the year round. This is in the lowlands of Alachua county.

In speaking of the cattle tick, Mr. Platt said that he had been yet eradicated from Broward county. Mr. Platt said there are six different varieties, but the real cattle fever pest is a small red tick with "a brown spot between its shoulders." If a tick can be said to have shoulders!

WHAT PEOPLE SAY

"Planters in Louisiana are making money on sugar. They sell at under 4 cents a pound." H. A. Stecker of New Orleans said at the office of The Everglades News Friday. He is president of Stecker-Wagner, Inc., insurance general agent, and was on his way back home after a motor tour of the lower east coast. "B. G. Dahlberg is a great service to the sugar showing farmers how to apply modern engineering practices in the production of sugar. He doesn't make any money for himself and he owes a lot of money to a lot of people and the weather is on too big a scale, but he has helped others to make money."

ABOUT PEOPLE

The Tatom Brothers have long been the Ford representatives at the office of the Tatom Brothers, but I. Tatom is now in charge of the business, for although I. Tatom retains his interest in the business, I. Tatom expects to be a 100 per cent farmer next year, looking after his land at Lake Wales. Dr. F. Tatom, the physician who had the hospital at Cleveland, broke down his land at Lake Wales, and is now living quietly in Lake Worth.

L. L. Stuckey and family were on a trip to Colorado on Tuesday, July 2, according to the Daily News from that place, which says that they had a list of visitors. Pike's Peak is near Colorado Springs.

COMMUNITY GOSSIP

If you think this is dry weather get Ernest Lindros to tell you about 1919, when the three Peck River men went dry and he had to drill down through their bottoms to get water.

Whenever anybody hears down too hard on any one subject he is liable to get a nickname, although he may not know it. One eminent man has talked so much about badgers that he is known as "Bag of gas" or "Gagbag."

Those Pahokee men are hard on Lenzie Stuckey since he has a picture post card from Yellowstone Park, Wyoming. There are more bears here than anything else.

New-comers do not understand what is meant by the term "East Beach," which is the name of the base ball team. It can be explained this way: In Canal Point, when the team loses, it is said, "Pahokee lost," and when the team wins it is said, "Canal Point won."

Carl Sholds has been expelled from the Canal Point branch of the Jack Barrett's rubber tree and it is suspected that he is consorting in the Wisdom Club to form a clandestine organization at Canal Point.

Almost daily reports about the reopening of the Bank of Canal Point are given. The bank is being reopened by E. E. Bryant, who got into the Post of Sunday saying that the reopening was being placed "early this week." Mr. Bryant is referred to as president of the bank although it isn't understood that he has much authority.

H. L. McDonald of Orlando, when asked about the bank, said he said B. G. Dahlberg controlled the Bank of Canal Point and had sent word that "Bryant's business is to raise sugar cane—tell him to keep his hands off of the bank business." Mr. Bryant's actual connection with the bank seems to be as press agent.

REORGANIZATION OF The Southern Sugar Company

The holders of a majority in amount of claims against the Southern Sugar Company have deposited affidavits indicating their willingness to deposit their claims under the Plan and Agreement for the reorganization of the Company dated April 1, 1931. A majority of the shares of each class of stock of the Southern Sugar Company and of the Clewiston Company have also been received for deposit under the Plan and Agreement.

Certain stockholders and holders of claims who have indicated their desire to participate in the Plan have for various reasons requested additional time to do so.

In order to accommodate such requests and to give to other holders of stock and claims a further opportunity to participate in the benefits of the Plan, the time within which claims and stock may be deposited thereunder without penalty, and within which stockholders of The Southern Sugar Company may exercise the right of subscription authorized by the Plan, has been extended until the close of business on July 24, 1931.

Stock of The Southern Sugar Company may be deposited and subscription rights exercised with any of the following trustees: Central Bank and Trust Company, 70 Broadway, New York City; or Union Guaranty Trust Company, Congress and Griswold Streets, Detroit, Michigan; or California Trust Company, 429 South Street, Los Angeles, California.

Stock of The Clewiston Company may be deposited with County Trust Company of New York, 80 Light Avenue, New York City.

Claims against The Southern Sugar Company, other than Land Claims, must be deposited with Central Bank and Trust Company, 70 Broadway, New York City.

Land Claims against The Southern Sugar Company must be deposited with Central Bank and Trust Company, West Palm Beach, Florida.

Any claimant of the Plan and Agreement may be obtained from either of the undersigned or from any of the Depositories above named. Any inquiries with respect to the Plan and Agreement or to the qualified creditors or stockholders thereunder should be addressed to either of the undersigned.

Dated, July 8, 1931.

"ONE HORSE" OR . . . FIFTY-THOUSAND!

How does your town impress the stranger it might . . . "dim, dreary, one horse" . . . or bright, cheery, "fifty-thousand"?

If all the lights on New York's Broadway were turned out, its crowds, its business, its glamour, its very life would disappear. The town without lights tells the world that it is asleep. The prosperous, up-to-date town lights up as soon as the sun goes down, showing a friendly, cordial welcome . . . telling all, that business is good within its gates.

Good lighting prevents accidents on your streets, tells more merchandise through your show windows, extends a friendly welcome to your customers and tells the stranger what you sell through your electric signs.

Light truly reflects the initiative of your citizens and the personality of your community. Dollars spent in better lighting are dollars invested in better business!

The services of our lighting specialists are yours without cost. Just answer our Service questionnaire for your convenience . . . and profit.
